

Summary

Mechatronics engineering student with hands-on experience in robotics, mechanical systems, and technical problem solving. Experienced in designing autonomous robotic systems, building electronic circuits, and working with mechanical fabrication processes. Strong interest in robotics, system integration, and practical engineering solutions.

Professional Experience

Kalles Kaffe, All-Around Technician

04/2025 – 10/2025 | Copenhagen, Denmark

- Ensured reliable operation of equipment during high-volume events
- Maintained and repaired espresso machines and technical equipment used in events
- Diagnosed mechanical and electrical issues in equipment and vehicles
- Assisted in building and modifying mobile coffee setups and foo

Kalles Kaffe, Barista / Event Staff

03/2022 – 09/2023 | Copenhagen, Denmark

Proud Mary Pub, Bartender / Server

09/2021 – 12/2021 | Copenhagen, Denmark

Bar 1103, Bartender / Server

09/2021 – 10/2021 | Copenhagen, Denmark

Fastmark Cargo, Warehouse Worker

12/2020 – 03/2021 | Miami, FL, USA

Tiba Chile Ltda, Intern

01/2020 – 04/2020 | Santiago, Chile

University Projects

- **6-DOF Robotic Arm - Mars Rover Project**, Contributed to the design and development of a six-degree-of-freedom robotic arm for a Mars the design process, using available tools and resources to develop a functional concept.
- **Autonomous Follow-Me Cooler Robot**, Designed a robotic platform capable of autonomously following a user across multiple terrains such as sand, integrating mechanical design and control systems.
- **Autonomous Medical Supply Robot**, Developed a robotic cabinet concept designed to assist hospital staff during ward rounds by autonomously following medical personnel
- **Digital Logic Circuits**, Built and tested digital circuits using breadboards, logic gates, and integrated circuits to understand electronic system behavior.

Maximo Augusto Maturana

*B.Sc Applied Mechatronics
Mechatronics Systems*

 Berlin, Germany

Skills

- Mechanical system design
- Robotics integration
- CAD 3D modeling
- Technical troubleshooting
- System troubleshooting
- Mechanical assembly
- Circuit assembly
- Machining processes
- Metal joining techniques
- Cutting processes
- Basic welding techniques

Languages

Spanish, Native

English, Fluent

Danish, Intermediate

Education

B. Eng. Applied Mechatronics Systems, SRH University

10/2025 – Present | Berlin, Germany

BSc, Computer Science,

International University of Applied Sciences

10/2023 – 03/2025 | Berlin, Germany

Unformal education, Jyderup Højskole

03/2021 – 06/2021 | Jyderup, Denmark

Unformal education, Aalborg Sportshøjskole

07/2020 – 12/2020 | Aalborg, Denmark

High School, Dunalastair LC

03/2013 – 12/2019 | Santiago, Chile
